"We use Wolfe's drug kits and lab services for our Butterball enterprise all across the country, we have drug testing coming to us all the time, but Wolfe's service is good. The price is good. Why would we change? It helps us provide a safe work environment for all of our associates."

"We like using Wolfe because of Value and speed. We do a lot of backgrounds and they need to be accurate and returned quickly. Your system is easy to use and fairly quick. The staff is helpful and quick to respond with any questions. Wolfe's website is easy to use. We employ many people who have lived all over the country. In most cases, I can get a return on a background within 12-24 hours. Some I can get back almost instantly. If I have any issues, they're only a phone call away and eager to resolve whatever it is."
